Description

It's a live-bait fisherman's dream, with a 55 gallon transom live well and the options of an additional 55 gallon floor well, for maximum bait-keeping capability. You can power the 34 with twins or triples and it easily cruises 40MPH while burning only 24GPH with twins, or 27 GPH with triples. This astounding level of performance comes with Yellowfin's trademark dry ride, and the 10-foot beam gives you plenty of room for yourself and all of your fishing buddies. In fact, forward seating options and a choice of consoles and leaning posts may make the 34 the perfect boat for the family who takes their fishing seriously.
